SUMMARY

Motivated and detail-oriented Full Stack Developer with 1 year of hands-on experience at CMT AI, Noida. Proficient in designing and developing responsive web applications using modern technologies like HTML, Tailwind CSS, JavaScript, React.js, Next.js, Firebase, and Node.js. Passionate about writing clean code, learning new technologies, and solving real-world problems.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, C++
- **Frontend**: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Next.js Redux, Chakra UI
- **Backend**: Node.js, Express.js
- **Database**: Firebase (Firestore, Realtime DB), MongoDB
- **AI & APIs**: OpenAI API, Bolt.DIY API, REST APIs
- **Tools & Platforms:** Git, GitHub, Postman, Cursor AI , Netlify, Vercel
- **Other**: Responsive Web Design, SaaS Development, Client Handling, Deployment, Agile Collaboration

PROFESSIONAL EXPERIENCE

Full Stack Developer at CMT AI   June 2025 - Present

- Developed and delivered 13+ client websites and web applications (both static & dynamic) end-to-end — from requirement gathering and client meetings to development, hosting, domain setup, and final deployment.
- Led the complete frontend development of a QR-based SaaS product using React.js, Redux, and Chakra UI, with a strong focus on secure authentication, real-time data handling, and a smooth user experience.
- Contributed to an internal CMT AI product — an AI-powered website builder tool that auto-generates websites using Bolt.DIY API and OpenAI API for affordable content generation and layout design. Built to assist company developers; currently under active development.
- Maintained direct communication with clients throughout the project lifecycle — from gathering feedback to implementing revisions — ensuring high client satisfaction and successful project delivery.
- Took ownership of full project execution, including domain registration, hosting setup (Hostinger, Vercel, etc.), performance optimization, API & payment gateway integration (Razorpay), UI/UX implementation, and post-deployment bug fixing.

Wordpress Developer at CareerGuide.com   Aug 2023

- Created and optimized SEO-friendly blog posts using WordPress and AI tools like ChatGPT and Bard, ensuring high readability and search engine visibility.
- Led a team of 5 interns, handled keyword optimization, on-page SEO, and customized themes/plugins to align with the company's content strategy.

EDUCATION

Chhotu Ram Rural Institute Of Technology

- Diploma in Electronics Engineering   Aug 2016 - Oct 2019

INDERPRASTHA ENGINEERING COLLEGE   May 2019 - May 2023
